

Instrument Quiver

Instrument storage solution.

Addressing your concerns for a more organised work space, we designed our single use quivers to provide a storage solution for all of your instruments.

Versatile Storage.

Our instrument quiver is ideal for holding and storing a variety of instruments including electrosurgical pencils, laparoscopic tools and suction devices during procedures. It features a ring for easy attachment to many surfaces including procedural drapes, trolleys and beds.

- ✓ Strong
- ✓ Recyclable plastic
- ✓ Convenient storage of instruments
- ✓ Easily attaches to many surfaces
