

MULTIGATE Cadence®

Specimen Retrieval

Reliable tissue capture

The Multigate Cadence® Specimen Retrieval Device delivers safe, reliable tissue capture.

FEATURES

One-handed deployment.

Our Cadence® Specimen Retrieval Device is designed for optimal manoeuvrability and one-handed control to ensure a precise deployment.

An intuitive design supports a fast, simple detachment and is complimented by an exceptionally strong bag and retrieval cord to deliver confident, secure tissue retrieval.

- ✓ Deployment precision
- ✓ Secure retrieval
- ✓ Highly manoeuvrable
- ✓ One-handed deployment
- ✓ Exceptional bag strength
- ✓ Strong retrieval cord
- ✓ Fast, simple detachment

Strong bag:
Exceptionally strong and elastic TPU bag provides optimal protection against tearing and bursting.

Shorter prongs:
Enhances manoeuvrability.

One-handed deployment:
Ergonomic design ensures one-handed deployment even for small hands.

Intuitive tab design:
Makes for quick and easy detachment and a secure retrieval process.

SPECIMEN RETRIEVAL

EXCEPTIONALLY STRONG TPU BAG

EASY ONE-HANDED DEPLOYMENT

Cadence® Specimen Retrieval Device

Category: Laparoscopic Devices

RE-ORDER	SHAFT DIAMETER	W/L	BAG VOLUME	QUANTITY
18-005L	Ø10mm	29cm	200ml	1 piece / box, 10 boxes / carton

For larger bag sizes, please contact your Business Development Manager

Shaped by you

Working with surgeons to address concerns over bag strength and safe tissue capture, we designed a Specimen Retrieval Device that ensures simple, precise bag deployment and reliable, controlled retrieval of tissue.

Discover how your feedback, suggestions and involvement in the design and review process help to shape improvements to our products and solutions offered, so you can perform at your best.

Laparoscopic Solutions

In March 2015 Multigate acquired Eisner™, a leader in re-usable laparoscopic instruments to complement our planned range of Cadence® single-use instruments. This partnership extends our customer's ability to access best of breed solutions for all their laparoscopic surgery needs.

Multigate is also Australia's leading supplier and manufacturer of custom procedure packs. The compact size, clear labelling, improved pack assembly and ingeniously designed components make the Multigate PrecisionPack® system the most advanced pack on the market. Ask us about how you can incorporate Cadence® single-use instruments into your laparoscopic PrecisionPack® solutions.
