

# Lunar® U PRO

## Intelligent Powered Stapler

The innovative stapling technology that combines compression and Varied-Height-Staple technology.

### Lighter, Power, Smarter

Real-time detection of tissue thickness and automatic stepless adjustment, to improve surgical and patient outcomes.

#### FEATURES

### Comfort and Control

Lunar® U Pro delivers the ergonomic comfort and control you need to perform at your best.

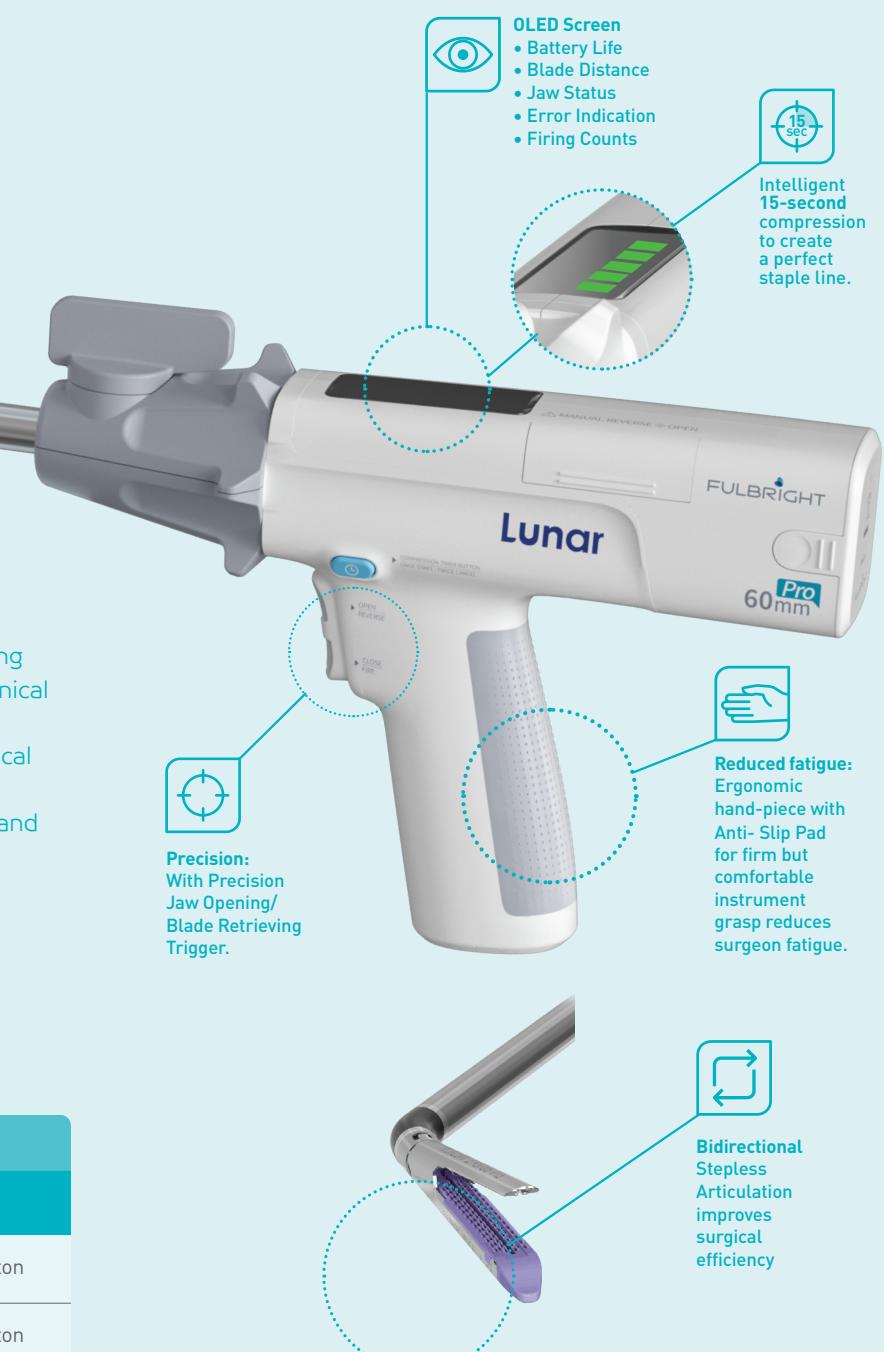

The OLED screen displays real-time feedback during the stapling process creating more precise mechanical visualisation and control. Bidirectional articulation provides access to difficult areas, to improve surgical visualisation and control.

The detachable "Sled" can assist in the accessing and efficient handling of blood vessels.

- Smarter Powered Technology
- Stepwise Varied-Height-Staple
- Predictable & Reproducible Result
- Positive Patient Outcomes

MG Lunar® U Pro v4.0 14JAN2026

# Lunar® U PRO

## Stepwise Staple

Varied-Height-Staple technology.

### Maximised Sharpness Guaranteed

Intelligent functionality with a new blade built into each reload, ensuring sharpness every time.

#### FEATURES

#### Improved Patient Outcomes

3 rows of staples (each of varying heights) reduce tissue stress and accommodates different tissue structure.

#### Improved Perfusion Volume

Varied-Height Staples deliver high perfusion volume and might deliver better wound healing and clinical outcomes.
