MULTIGATE CubeWare®

Nesting Dishes
Featuring Compact Design
Innovation Focus: Space Economy

At Multigate we combine our deep understanding of how you work with our design capabilities to innovate and better serve you, your patients and our partners.

For 30 years we've created medical products, services and experiences that give you the advantage to perform at your best.

We continue to do this.

Inspiring performances and better patient outcomes that will lead the world of hospital care to new standards.

We are Multigate.

Your expert opinion matters

Your feedback will help us to improve our products and power your performance. We would appreciate a quick appraisal.

What do you think of this product on a scale of 1-5 (1 being very poor and 5 being highly effective)

Easy to use?	Performance enhancing?	Would you recommend?

Multigate CubeWare® delivers a smarter, design-led solution to storing and working with surgical dishes.

With space at a premium we designed our single use CubeWare® to save both storage and instrument table space. The dishes nest efficiently within each other and their square and rectangular shape improves stability, instrument containment and takes up less space. Our innovation lies in three key areas:

01 | SPACE SAVING

CubeWare® dishes take up 15% less instrument table space, and help reduce storage space of our Procedure Packs by up to 47%.

02 | IMPROVED STABILITY

Innovative square and rectangular shapes give our dishes more stability on the instrument table and provide extra structure and stability to our Procedure Packs when stored.

03 | MOBILITY

A wheeled stand designed to fit the largest dish is available, for easier movement.

less bulk

more working space

- ✓ Single use
- ✓ Saves instrument table space
- ✓ Reduces storage volume
- ✓ Improved stability
- ✓ 100% recyclable

Addressing nurses concerns about the use of space on instrument tables.
