

# Protective Gowns

## Thumb-secure Gowns

February 2026

Multigate Thumb-secure Gown provides a high level of protection against liquid splashes and bodily fluids. Its thumb-secure design and open back ensure the gown is comfortable and the sleeves will stay in place during gloving and while in use. The gown is ideal for decontamination, patient contact and cleaning.

### FEATURES AND BENEFITS

- ✓ Secure fit - Hook for thumb preventing the sleeve from sliding up the arm when gloving & while in use
- ✓ Individually wrapped, in a user friendly dispenser box
- ✓ Disposable, hygienic and economical
- ✓ Open Back - Breathable & comfort

### NON-STERILE RANGE
