## Under-Bandages

### Synthetic Under-Bandages

#### Under-Bandage Range

Our Synthetic Under-Bandage is easy to use, soft & smooth. It's highly conformable and easy to shape around difficult anatomical contours and joints. It's a comfortable option for orthopaedic padding. The padding is resistant to moisture absorbency, minimising the risk of skin maceration.

- ✓ Easy to use, soft & smooth
- ✓ Comfortable option for orthopaedic padding
- ✓ Conformable around difficult anatomical contours
- ✓ Minimise risk of skin maceration
- ✓ No chemical binding agents
- ✓ Latex free
